Procedia Structural Integrity is an open access product focusing entirely on publishing full sets of conference proceedings, enabling fast, world-wide dissemination so that conference delegates can publish their papers in a dedicated online issue on ScienceDirect.

Procedia Structural Integrity publishes conference proceedings organized by the European Structural Integrity Society (ESIS), by its Technical Committees or by the National Groups that are affiliated with ESIS, with an emphasis on all areas of Fracture, Fatigue and Structural Integrity. Conferences should be relevant to an international audience and cover timely topics.

Papers published in Procedia Structural Integrity have immediate access for all, with papers online within 8 weeks of acceptance, and open access providing maximum exposure for individual papers and the related conference. Organizers are credited with the actual issue and are fully responsible for quality control, the review process and the content of individual conference papers.

This journal is associated to the following society or organization:

Procedia Structural Integrity is indexed in Scopus, WoS and Google Scholar.
